

## COURTS IN YUMA COUNTY

### LOCAL INITIATIVES, DRIVERS, AND PRESSURES

- Improve case processing using workflow, performance measures, and automated ticklers; continue to digitize entire court environment including court reporter notes.
- Implement eBench and e-Filing, automated notifications, and expand online payment options.
- Expand self-help center and websites for public services and to communicate court information.
- Increase availability of qualified interpreter services both in-person and remote.
- Relocate Justice Court #1, court offices, and interpreters; establish new superior court division; expand Adult Probation work area.
- LJ courts are focused on preparing for AJACS, implementing eCitation, online payment, automated notifications, and paperless warrants.

### CY 2013/14 COURT ACCOMPLISHMENTS

- Implemented new Mental Health Court financial obligations database.
- Installed secure public and attorney wireless at Yuma Superior, Justice Court, and Municipal Court..
- Added offsite data replication location and dedicated communication line to it for Superior Court.
- Expanded audio/video recording software and remote interpreting as well as real-time online transcripts at superior court.
- Connected Adult Probation to county GIS for address location.
- Expanded use of digital court recording and docket display monitors into limited jurisdiction courts.
- Replaced and upgraded PC and server software products to meet architecture standards.

### STATEWIDE PROJECTS: IMPACTS, CONCERNS, AND PARTICIPATION PLANS

<b>LJ CMS</b>	Need support for digital input processes already in place; Adult Prob concern for accessibility of AJACS case info to officers; need data cleanup and ERR&D time considerations; will be mid to late adopter.
<b>JOLTSaz</b>	Adult Probation requests access to data for presentence reports; adoption process is already underway.
<b>e-Filing/Std Forms</b>	[Check this on xls]San Luis constructed local e-filing system using in-house labor; were early adopters of AZTurboCourt forms and anxious to do full e-filing.
<b>Bench Automation</b>	Concern for size of monitors and number of open documents; unsure of ancillary courtroom costs and judge training time; will be early adopters.
<b>LJ Case Worksheet</b>	New item; no response provided.

## RISKS AND CONCERNS (SECURITY AND ARCHITECTURE)

- Refreshed Adult Probation computers; have plans to replace containment operating systems on Juvenile Justice Center computers.
- Addressed all retirement items called out in previous plan; Probation and Clerk still using QuickBooks to track payments.

## TECHNOLOGY PROJECTS

City of Yuma EDMS	FY19		X		Yuma Municipal; requires exception if other than OnBase

Note 1:

An “X” in “Full” indicates that the court has provided full detailed information about the project according to the general parameters outlined in the Commission on Technology’s Project Management Methodology. Also, risk analysis, impact, project costs and funding information has been provided.

Note 2:

An “X” in “Skeletal” indicates that the court provided detail about the local project in the master projects listing spreadsheet. Complete information, usually risks, impact analysis, project costs and funding, was not provided.

Note 3:

An “X” in “Mention” indicates that the court mentioned this project in a summary or listed it in an initiative. It may have been a phrase or a full paragraph of description, but did not contain detailed project-oriented information. If these projects are related to pursuing standards or directions already adopted (e.g., OnBase EDMS implementation, Jury+ upgrade, digital audio in the courtroom), then any mention includes appropriate funding information is sufficient.
